

MARTON & NORMANBY NEWSLETTER May 2023 Special Spring Edition

We still need your support!

We need help to keep the village hall open, thriving and moving forward.

Following the AGM on Tuesday 25th April, the attendance was poor, we only recruited one new committee member and some new volunteers to help. Many thanks to those who did attend and volunteered.

This current situation leaves us two general committee members short of our charity status requirement, which will need to be updated or changed.

This is a FINAL CALL for anyone to join us to help your village hall.

The committee have arranged a special meeting on Tuesday 23rd May at 7.00pm in the Village Hall

should you wish to be involved or contact.

Nick Crofts-Smith current chair.

n.croftssmith@btinternet.com

for more details.

During this meeting the future of the hall will be discussed and how this can move forward for the future and what is currently achievable in the current financial climate with very little funding for grants and fundraising etc along with the possible changes and amendments discussed at the previous meeting.
